ABOUT US

SYSTOCHEM LABORATORIES is a **WHO GMP** certified company and is manufacturing Pharmaceutical formulations since 1996. The company is into manufacturing and development of pharmaceutical formulation under almost all dosage forms and categories of drugs, manufacturing more than 300 products.

The plant is located in periphery of New Delhi the capital of India, having unique manufacturing capabilities under one roof. With state of art manufacturing plant with latest and most advance machineries the company is a global player in Pharma segment and have garner indispensable name in the domestic and International markets being among the top pharmaceutical company in India. Due to its regular up-gradation of its manufacturing capabilities the company has managed to register more products overseas.

The company is producing quality medicines at reasonable prices keeping in view of its cooperate philosophy.

Systochem has a pool of highly qualified professionals responsible for the smooth running of plant and quality adherence. The plant has more than 75 professional staff for its complete manufacturing operations and more than 250 skilled and semi -skilled workers working for it.

Our branded pharmaceutical formulations enjoy steady demand in following countries:

Afghanistan, Azerbaijan, Benin, Burkina Faso, Burundi, Camaroon, Combodia, Cote d'Ivoire, Ghana, Iraq, Jordon, Kenya, Latin America, Liberia, Libya, Madagascar, Mali, Myanmar, Nigeria, Russia, Sierra leone, Senegal, Srilanka, Tajikistan, Togo, U.A.E., Uzbekistan, Yemen & still counting....

CONTRACT MANUFACTURING

The company undertakes various contract manufacturing activities on third part basis in the field of manufacturing and formulation development of new and existing products. The company is presently doing contract manufacturing for various companies on their given brand names and varied packaging requirements.

The company is equipped with most modern infrastructure with latest machines to undertake such activities. The company has a large production base to entertain such request on timely manner. Due to huge capacity of **SYSTOCHEM**, it is capable to undertake timely deliveries of the products produced for our clients.

INFRASTRUCTURE

The company is having all the required infrastructure to manufacture the products as per WHO GMP requirement and complies to EU GMP norms. The company has a built-up area of about 50000 sq. feet for production and storage of its products spread over 6000 sq. feet of Area.

The infrastructure includes dedicated HAVC systems with environment control (temp and humidity) at individual production steps and auxiliary areas. Complete water management system with loop, separate storage and supply management system for each categories of drugs.

Services including compressed air, refrigeration, electricity generation, purified water plant, distillation plant, ETP plants and boiler for steam generation are provided in the engineering block.

SYSTOCHEM invests almost 40% of its Annual Profits in latest plant and machinery along with training of technical personnel ensuring continues upgrade of the of quality of its products in line with excellent technology.

MISSION:

At **SYSTOCHEM**, our mission is...

1. To achieve highest end-consumer satisfaction by providing quality products at affordable prices.
 2. To provide new solutions for the age-old and new disorders and diseases by comprehensive Research and Development work.
 3. To remain up to date with the latest knowledge and technology in the pharmaceutical industry.
- And above all, our highest goal is to strengthen the health of the country and the entire world by our range of products and services.

VISION:

1. To finish the journey of being the most trusted name in the pharmaceutical industry, which we started two decades back.
2. To keep on providing new age solutions for the healthcare industry.
3. To mark our presence in the highly regularized pharmaceutical markets such as USA.

QUALITY POLICY:

At **SYSTOCHEM**, we understand the true value of the human life. The complete trust, a patient puts into our products, is the highest level of satisfaction for our dedicated team of professionals. Our confidence in the products we provide is due to our one hundred percent efforts in the QUALITY of these products. We

A WHO-GMP CERTIFIED COMPANY

SYSTOCHEM LABORATORIES LTD.

**PHARMACEUTICAL FORMULATIONS
MANUFACTURER & EXPORTER**

strictly follow the GMP, GLP and GCP guidelines.

With fully dedicated QA (Quality Assurance) and QC (Quality Control) departments, our products meet the international standards at any point of time.

Weather it is storage of the raw materials, transfer of these materials, manufacturing, packing or final storage of the finished goods, we have "zero tolerance" policy for the QUALITY of the products.

HUMAN RESOURCES:

Our main strength which is the QUALITY of our products is due to the expert employees working for the betterment of the world. Our dedicated QA QC people, qualified team of scientists, and the manufacturing workers are highly trained and experts in their respective fields. Apart from the pre-employment training, our employees also undergo training at different intervals of time to stay up-to-date with the new developments in the industry.

Our management is a perfect blend of experience and modernity making Systochem a strong competitor in the market.

PRODUCTION CAPACITY:

PRODUCTION UNIT	ANNUAL PRODUCTION CAPACITY
Small Volume (Ampoules) Injections	120 Million
Small Volume (Liquid vials) Injections	40 Million
Sterile Dry Powder Injections	40 Million
Ophthalmic Eye/Ear Drops	40 Million
Skin Creams/Ointments/Gel	50 Million
Ophthalmic Eye Ointments	40 Million
